Megan Thee Stallion has announced that her debut album, Good News, will finally be released on Friday, November 20. The rapper's self-proclaimed hotties waited literal years for his demise as she became embroiled in a legal battle with her first record label 1501 Certified Entertainment, which Megan claimed was blocking her from releasing new music. In the meantime, she has resorted to exhibiting mixtapes such as Fever and Suga, but there is nothing more exciting than the bonafide album of one of the most exciting rappers in the game. Now that the album is coming much faster than fans expected, we've put together everything you need to know about the Good News before you can finally listen to it. Megan announced the news on Wednesday, November 12, explaining that the title of her album was inspired by her own experiences in 2020, as well as everything the world went through. FOR SUCH A DIFFICULT YEAR, I FELT WE COULD ALL USE LIL GOOD NEWS, she wrote on Twitter. MY OFFICIAL ALBUM GOOD NEWS DROPS NOVEMBER 20TH! The rapper also presented her striking album cover, which shows her in a giant exhibition box surrounded by positive headlines about her. A few days before the album was about to crash, Megan aroused even more excitement when she announced a track list that included her latest single from Young Thug, Don't Stop. Fans of Savage's viral remix featuring Beyoncé will be delighted to have also made it to the album. The rapper also revealed that there will be no additional collaboration on the album - SZA, City Girls and Big Sean are just a few of the other artists who joined Megan on her official debut. The good news comes after a tumultuous year of ups and downs for the fast-growing artist, that included a fight with the record label for control of her music, a collaboration with Beyoncé and Cardi B, which took first place on the Billboard Hot 100, and a July incident in which she was allegedly shot in the foot by rapper Tory Lanez (Lanez maintains that he did not shoot Megan and has since been charged with one count of assault and one count of possession of a loaded and concealed firearm). Although Megan has not confirmed whether she will deal with these incidents on her new album, she was open to the pain and trauma she suffered. In a new interview with GQ, Megan recalled shooting and that reflects how Black Black everywhere they are treated - they are expected to be strong, but neglected when they are exposed to danger. I have to be hard through it all? All the time?, she said. It was like, who really checks us or who protected us? You just go your whole life with this mentality. And when something happens to you, when you should actually protect yourself, your first instinct was not to protect yourself, it was to protect other people. In the same interview, Megan also claimed that Lanez offered her money for silence, which his lawyer denied. Whether it refers to the many headlines written about her this year or decides to provide a fun escape for fans and herself, Megan's debut album will surely be an absolute must-listen.
